Republican Ticket.
ELECTION NOV. 3, 1896.
For President,
WILLIAM MCKINLEY,
of Ohio.
For Vice President,
GARRETT A. HOBART,
of New Jersey.
For Congress,
JOHN W. LEWIS,
From 4th District of Kentucky.

Of course we are all entirely familiar with the facts in the case, that farmers were promised one dollar per bushel for wheat, if democrats were placed in power.

A great misfortune concerning the observance of the fourth of July is this: A large number of those who take part in the celebration are in profound ignorance as to the significance of that great day.

Hon. A. J. Gross, although a sound money man, stated at Chicago that he was for any man the Democratic convention might nominate, provided the nominee was not a Republican. This was a kick at the corpse of Hon. Henry M. Teller.

We are informed that the corn crop of this year bids fair to exceed that of last year, and that of last year was the largest known for years. We should be exceedingly thankful that a good corn crop is furnished us in these Democratic times—times of sore trials and great tribulations.

We are told that Senator Dubois wept when he found that he must leave the Republican party. Senator Dubois knew he was wrong. His conscience smote him for his wickedness. We predict that Senator Dubois will soon come forward to the anxious seat and have his sins forgiven.

Judas Iscariot betrayed the Lord for 30 pieces of silver. Henry M. Teller has deserted the Republican party for free silver, and it becomes more evident that he is to be rewarded for his treachery, if the Democratic party is victorious, which is a contingency too remote to be thought of. Henry, therefore, had better get out like Judas and bury himself.

In the coming campaign a great deal will be said about the government "stamp," about "fiat money" and about silver being used as money in the days of Abraham and Lot and the Christ himself. We will be told that because silver was used as money in ancient times, therefore we should have free and unlimited coinage at the rate of 16 to 1 at this day; which is a logical conclusion as a free silverite can arrive at.

MR. JACK CHINN was at the Chicago convention, and we are informed, was certainly surrounded by admiring friends. It is a disgrace to the country that such men should be prominent in any political party. The Democratic party, however, seems lost to all sense of shame. It is at present, according to the *Chicago Journal*, in the hands of anarchists and Populists. There is not the least danger, however, of the country remaining in the hands of the Democratic party after next November.

This reason the mine owners of the West are for free silver is easily understood. Under the present law a man owning one hundred dollars worth of bullion can only get one hundred dollars for it. If a free coinage law is passed, the man who owns one hundred dollars worth of silver bullion, can take it to the mints and have it coined into two hundred silver dollars. That is to say the silver in a dollar will be made just double its value. Free coinage laws at the rate of 16 to 1 will make silver owners just twice as wealthy as they now are.

AGAIN the attention of the people is called to the fact that Mr. McKinley is the candidate of the wealthy corporations and manufacturing industries. It is the Democrats however, who are pointing to this fact. The fact that Mr. McKinley was nominated in opposition to the so-called "robber-baron" of the Northern States seems to make no difference with Democrats. They have accustomed themselves to yelling "robber tariff" and "robber barons" until now it is their only stock and store. Mr. McKinley is the candidate of the yeomanry of the country, and Democrats are applied of that fact.

PISO'S CURE FOR
WHEAT, WHEAT, ALL USES, ALLS.
Best Cough Syrup, Cough Syrup, Cough Syrup.
Consumption.

Hon. John G. Carlisle. We beg leave to submit to you a question. Pray, dear Sir, where are you at?

The Democratic National Convention is in session this week at Chicago, and it is made up of a howling mob of free silverites who have inaugurated the gag rule and have unseated sound money delegates from sound money States in order to gain the necessary number to have a two-thirds majority. Kentucky's proud Democracy is represented by such men as Blackburn, Hardin, Rhea, &c., who have been trying to force the unit rule on Haldeman and Phelps, but have failed. The nominations will likely be made to-day and it will be free silver men on a rapid free silver platform. There will likely be a bolt of the sound money men.

Let nobody remain at home during the Temperance Camp Meeting, but "fork up" and go to Sulphur Springs.

A Young Man's Religious Life.
I recommend a young man to take good care of his body because it pays. I recommend to him to go to school or to college because it pays. I recommend to him to interest himself in religion because it pays, because it helps to make actual in him that which is possible, and puts him in the way of accomplishing here upon the earth the true purposes of his being. It seems to me well to antagonize thus at the start any such idea as that religion is one of the dispensables, or that it occupies much the same position in our personal belongings that bric-a-brac does in household furnishings, a commodity that it is well enough to be possessed of, but that stands in no immediate relation to the substantial necessities of every-day life. [Rev. Charles H. Parkhurst, D. D., in July Ladies' Home Journal.]

Buckingham's Dye for the Whisker is a popular preparation in one bottle, and colors evenly a brown or black. Any person can easily apply it at home.

Some of the Results of Protection.
From 1860 to 1890 it more than doubled our trade with foreign nations.

It gives our workmen labor at remunerative wages and diversified our industries.

It increased our manufactures over five fold in twenty-five years.

Through competition it reduced the price of every useful article to the consumer.

It made farming more profitable by building factories near to the farm.

It made a home market for ninety per cent. of our population.

It made 10,000,000 people customers instead of competitors of the American farmer.

It has given homes and employment to 8,000,000 foreigners.

It prevented foreign made goods taking the place of home made goods.

It reduced pauperism. The United States has fewer paupers than Scotland a province of Great Britain, a free trade country.

It filled our national treasury with money.

It reduced the national debt in twenty years nearly two billion dollars, compelling foreign manufacturers, to pay it.

It quadrupled our railroads in a quarter of a century, giving cheaper transportation, increasing by so much the profits to the shipper.

It made the United States the most prosperous nation on earth.

It required importers to pay running expenses of our government obviating the necessity of issuing bonds in time of peace.

It made the United States the richest nation and leading manufacturing nation on the globe.

It enabled us to refund our national debt at the rate of 3 to 3 1/2 per cent and gave us the highest possible credit abroad.

Through prosperity it has raised the standard of education for all classes, and is therefore a blessing to home and country, and must be renewed and perpetuated, and will be when the Republican party sweeps into power on the tide of popular suffrage in November; a tide broad, deep and irresistible; that will sweep that fatherless monstrosity called the Wilson Bill, whose quast author was feasted and wine and petted and praised in London because of the blows he struck American prosperity.

Then manufacturers will thrive; labor will be in demand, wages will be enhanced; farming will again become more profitable, the silver illusion will fade away before the sun of prosperity; hoarded wealth will seek and find the thousand avenues of trade and commerce. The volume of wealth is mighty; it sufficed for all the wants of trade under the McKinley tariff when hundreds of millions were needed and employed than ever before or since.

No party in any nation or at any time has had as great a privilege as our country has to perform as the Republican party; to lay the privilege of redeeming our country from the slough of despond where the misguided policy of the Democratic party has placed it; the duty of filling the ballot boxes in November with an overwhelming majority of honest voters for McKinley, protection, sound money and prosperity.

Few medicines have held their ground so successfully as Ayer's Cherry Pectoral. During the past fifty years, it has been the most popular of all cough-cures and the demand for it to-day is greater than ever before. Prompt to act and sure to cure.

Camp Meeting.
The Temperance Camp Meeting to be held at Sulphur Springs beginning July 25 and continuing ten days will be one of the most interesting affairs as well as unique that this part of the State has ever had. Col. T. B. Demaree, late candidate for governor on the prohibition ticket, is the manager and he has employed the best talent of the nation to assist him. Among whom may be mentioned Hon. Thos. J. Beauchamp the "Prince of Orators." Mr. Beauchamp is probably the wisest Temperance lecturer in the world. He captures his audience with his very appearance and can hold it spell bound for hours at a time. The words he speaks sink deep down into the heart, and the impressions he makes will last through life.

Col. Geo. W. Baine, the Kentucky Silver Tongue Orator, will be present two days, and this joint of platform speakers needs no introduction to a Kentucky audience. The world is his home, and he has probably spoken to as many and as large audiences as any other temperance lecturer in the United States.

Mrs. Beauchamp, of Lexington, and President of Kentucky State W. C. T. U., will be present and render valuable assistance with her profound reasoning and pleasant speaking. Mrs. Beauchamp as a speaker has an enviable reputation.

Mrs. Neal, the mountain evangelist, will be present to contribute her share of the labor, and make many a person's face pleasant with her good language and common sense as a speaker.

The most enjoyable feature to some and certainly profitable as well as enjoyable to all will be the extra music that will be rendered by one of the best Sextettes in the United States. Let everybody be present with your tents if you live off a distance and remain the whole time.

If any one desires a tent and have none, write to T. B. Demaree, who will be at Sulphur Springs about a week before the meeting commences and he will furnish you with one.

Remember you can kill two birds with one shot by coming to the meeting, you get the benefit of the mineral water as well as the literary treat.

The admittance fee is only ten cents and you can get season tickets good for the entire ten days for fifty cents.

Could Scarcely Walk.
NEAVE, Ky., June 22, 1896.
My mother has been afflicted with rheumatism for five or six years, and after having the grip she was in such a condition that she could hardly walk. She began taking Hood's Sarsaparilla which was highly recommended for rheumatism, and after taking two and one-half bottles she is almost entirely well." L. GARNETT HOLTON.

Hood's Pills are easy to take, easy to operate.

Sweeney's Speech.
W. H. Sweeney, candidate for the Democratic nomination for congress, spoke at the Court House Monday to a fair sized audience. He is a very rapid free silver man and that was about all there was in his speech and that was not presented in a way for people to understand exactly what he meant. His explanation about keeping the two metals on a parity should be put in the funny column of a comic paper. But we have advised him to let that nomination alone.

To prevent pale and delicate children from lapsing into chronic invalidity later in life, they should take Ayer's Sarsaparilla together with plenty of wholesome food and outdoor exercise. What they need to build up the system is good red blood.

Nervous
People find just the help they so much need, in Hood's Sarsaparilla. It furnishes the desired strength by purifying, vitalizing and enriching the blood, and thus builds up the nerves, tones the stomach and regulates the whole system. Read this:
"I want to praise Hood's Sarsaparilla. My health run down, and I had the grip. After that, my heart and nervous system were badly affected, so that I could not do my own work. Our physician gave me some help, but did not cure. I decided to try Hood's Sarsaparilla. Soon I could do all my own housework. I have taken

Cured
Hood's Pills with Hood's Sarsaparilla, and they have done me much good. I will not be without them. I have taken 13 bottles of Hood's Sarsaparilla, and through the blessing of God, I have cured me. I worked as hard as ever the past summer, and I am thankful to say I am well. Hood's Pills when taken with Hood's Sarsaparilla help very much." Mrs. M. M. MOSELEY, Freehold, Conn.
This and many other cures prove that

The Fourth of July Celebration—Deaths, News Notes and Other Items.

July 6.—The glorious Fourth was observed here by the usual peace and patriotic orations. The members of the Catholic Church were the singers of the affair. The proceeds of the picnic are to be used in erecting a new Catholic Church at this place. About \$250 were realized. Hon. Edward McDermott, the eloquent young lawyer and politician of Louisville, was the orator of the day. He was introduced to a large audience by W. K. Barnes, a leading attorney of our county. Mr. McDermott spoke in his usual happy manner, using the priest language, and making splendid points. He spoke for about an hour and pleased all who heard him. Mr. McDermott is the young man who ran for Congress in the 5th district in 1894, and was defeated by the Hon. Walter Evans.

Misses Blanch Jolly and Lena Dinty, of Lewisville, were guests of Miss Mary Board Saturday and Sunday.

Melville Eskridge, of Owensboro, visited his relatives here this week.

Messrs. Tom Hower, Edith Sutt and Graham Eskridge, of Louisville, spent the fourth with their parents, and returned to their places of business Monday.

We understand there is a movement on foot to take a vote on the local option question in town, next August. In that month three years ago the question was submitted to the people and whisky was voted out. Whisky men now want the privilege of selling it again. If the question is voted on there will be a warm contest.

Miss Carrie Owen, of Glendale, is the guest of Miss Lillie Scott, and Miss Jackie Owen, of the same place, is the guest of Miss Alice Becker.

Mrs. Austin Pate, living about four miles from this place, died Monday night at Louisville, as the result of a surgical operation. She was afflicted with a tumor. Mrs. Pate was the sister of the Oelze Brothers, of Cloverport, who are among the most prominent business men of our county and was the mother of Mr. Silas A. Pate, who is our Sheriff, and of Prof. Frank Pate who recently was principal of the High School at Lebanon, Ky., and is one of the leading educators of the State. Mrs. Pate was a member of St. Ronnalds Catholic Church at this place.

Hon. D. R. Murray, of Cloverport, is now in Chicago as a delegate from this district. He is a free silver man of the most pronounced type. We understand he will be a candidate for the Democratic nomination for Congress in the event the Chicago convention declares for free silver.

Mr. Murray is an able lawyer and an accomplished orator. He is as good a man as the Democrats can nominate, but would be defeated at the polls in November. ROBIN HOOD.

Bro. Rogers Complimented.
The Western Recorder has the following to say regarding Hartford's talented young minister:
"It was refreshing to hear the experience of grace and call to the ministry of Bro. J. H. Rogers, of Hartford, Ky., at the Ministers' Meeting. It has been for many years the custom to hear at this meeting the experience and call of the oldest and youngest ministers present. Bro. Rogers was ordained in January last, and was the youngest in the ministry. His experience and call had the old time ring of God's sovereign grace. The brethren were deeply impressed, and when he closed they pressed forward to grasp his hand as they sang 'Amazing grace, how sweet the sound.' Bro. Rogers was a teacher, and the brightest prospects opened before him. He gives promise of great usefulness in the ministry."

George W. Baine
will be at Sulphur Springs during the Camp Meeting two days. Well, we'll all be there.

Well Satisfied with Ayer's Hair Vigor.

"Nearly forty years ago, after some weeks of sickness, my hair turned gray. I began using Ayer's Hair Vigor, and was so well satisfied with the results that I have never tried any other kind of dressing. It requires only an occasional application of

AYER'S Hair Vigor to keep my hair of good color, to remove dandruff, to heal itching humors, and prevent the hair from falling out. I never hesitate to recommend Ayer's medicine to my friends."—Mrs. H. M. HAWKINS, Avoca, N. H.

Weak Lungs

Hot weather won't cure weak lungs. You may feel better because out of doors more, but the trouble is still there. Don't stop taking your

Scott's

Emulsion

because the weather happens to be warm. If you have a weak throat, a slight hacking cough, or some trouble with the bronchial tubes, summer is the best time to get rid of it. If you are losing flesh there is all the more need of attention. Weakness about the chest and thinness should never go together. One greatly increases the danger of the other. Heal the throat, cure the cough, and strengthen the whole system now. Keep taking Scott's Emulsion all summer.

For sale by all druggists at 50c and \$1.00.

The Reunion.

The Reunion at Rockport last Saturday was largely attended and was enjoyed by all present. The rain coming up about two o'clock broke into the amusements of the day and caused people to leave early for their homes. The exercises were in charge of Robt. Smith, who delivered the welcome address in true patriotic style. Speeches were made by Judge E. P. James, Hon. C. M. Barnett and others. A magnificent dinner was served to the old soldiers, after which the reunion of the old soldiers took place and many old comrades met who had not seen each other since the war closed.

The people of Rockport treated the large assemblage in proper style and gave a few drunken men the day went off nicely.

NEW FAIR COMPANY.

A Strong Company and One

That Will Push the

Matter.

The Ohio County Fair Company has been re-organized and has gone into the hands of Messrs. T. L. Griffin and S. K. Cox, who will hold a Fair at Hartford on Oct. 1, 2, and 3, 1896. Since the re-organization the company is in a better shape than it has ever been and the prospects for a good Fair this year are much better than they have been. The company is doubly strong, and will in a few days issue catalogues and begin advertising the coming fair. The grounds are the best in the state, the location the best, the track cannot be beaten. Large and expensive attractions will be on hand and a much better fair than we have ever had will be given the people this fall.

This is an enterprise that our business men should assist. They should offer special premiums, and whoop the matter up, for a fair is the life of a town. Let everybody give the project their support, and by so doing it will be of vast importance to all our people.

ELLENDALE.

The big Kentucky Fair begins this year on July 28th and ends August 1st. Five days devoted to instruction, amusements and recreation. The management are making superhuman efforts to make it the leading fair of the State. There will be improvements and rare attractions in all departments. The gorgeous floral hall of '95 will be eclipsed by the splendor of this year. A \$110 Packard organ will be given to the best display of ladies' work in the hall and \$25.00 in gold to the best display of each county represented by at least three displays. The best article of each class will also receive a liberal premium. The Poultry Exhibit promises to make the poultry show second to none in the State. Premiums liberal and classification full. New regulation coops are used and poultry judged according to the American standard of perfection by T. D. Heimlich, the expert judge of Jacksonville, Ill.

The race track is in most excellent condition, being several seconds faster than last year. It is without doubt one of the fastest half mile tracks in the State, and on it will be fine running, trotting and pacing races, men's, children's and women's bicycle races, mule, hound and goat races and foot and potato races.

Accommodations for 10,000 people that will be in daily attendance will be ample, luxurious and cheap. Beside the big hotel there will be a village of tents—small tents, family tents and tents big enough to sleep a Sunday School excursion.

Handsome premiums given to couples marrying on the grounds on Wednesday and Thursday.

Excursion rates on all railroads and rivers of middle and Western Kentucky.

Admission 25c. Tuesday the 28th being ladies' day, ladies and children under 10 free.

W. F. RAFFER, President Ellendale Fair Co.

For further information and premium list address the Secretary. Privileges sold to highest and best bidder. Bids close July 10th 1896.

R. T. SMITH, Ellendale, near Cordsville, Ky.

Ladies, if you need dress goods or anything else, come to see us. We will take your school order.
